## WORK EXPERIENCE

### SmartData Enterprises, Full Stack Developer Trainee

Sep,2024 – Present

Developed and optimized front-end interfaces with React.js and JavaScript, Collaborated on RESTful API design using Node.js, enhancing system scalability and data flow. Contributed to code reviews, bug fixes, and performance tuning while ensuring seamless deployment through Git in agile workflows.

## EDUCATION

### Quantum University, Roorkee

2020 – 2024

*B.Tech - Computer Science and Engineering - CGPA - 8.11*

*Roorkee, Uttar Pradesh*

## PROJECTS

### Amazon clone 🔗 | Bootstrap, JavaScript, CSS, HTML

2024

- Created a clone of Amazon Prime using HTML, CSS, Bootstrap, and JavaScript to simulate streaming platform functionalities and user interface.
- Implemented features such as video streaming, user authentication, content browsing, and a responsive layout to mimic the original experience.
- Leveraged Bootstrap for responsive design and JavaScript for interactive elements, ensuring a seamless and adaptable user experience across different devices.

### Personal portfolio website 🔗 | React, JavaScript, HTML,CSS

2023

- Designed and developed a personal portfolio website to showcase my skills, projects, and achievements.
- Built using HTML, CSS, JavaScript, and React for a responsive and interactive user experience.
- Improved presentation of my work, leading to positive feedback from peers and professors and inclusion in a university showcase.

### Attendance Management System 🔗 | Oops and C++

2022

- Designed and developed an Attendance Management System to automate and streamline attendance tracking for educational institutions.
- Developed features such as student and admin logins, real-time attendance marking, and reporting the attendance of students
- Enhanced functionality by including options to register students, delete records, and check attendance statistics.

## TECHNICAL SKILLS

**Languages:** C++, JavaScript, SQL

**Frontend Technologies:** HTML5, CSS3, React.js, Bootstrap

**Backend Frameworks:** Node.js, Django, Express.js

**Databases:** MySQL, MongoDB

**Version Control Collaboration:** Git, GitHub

**Developer Tools:** Visual Studio Code, Postman, Figma, Canva

## CERTIFICATIONS

- Python programming - Udemy
- C++ - Udemy
- Supervised learning
- Android app development - Internshala
